# 1 WEEK SUMMER CAMPS!

Sessions begin **June 11th** and run thru **August 10th**. Classes meet once a day for five consecutive mornings. Students receive individual instruction and work at their own pace in a non-competitive environment. Student to teacher ratio is always low to ensure a successful learning experience. Because of the special nature of these camps, no camp time can be made up during our regular summer program.

## Introduction to Drawing and Design *Ages 5-8*

**LEVEL 1** –Children learn the fundamental principles of picture-making explored in our regular *Basic Elements* program by illustrating a children’s book. The end result is a wonderful keepsake of color, composition, drawing and design.

Monday June 11–Friday June 15      9:30a.m.-12:30p.m.  
Monday June 25–Friday June 29      9:30a.m.-12:30p.m.  
Monday July 23–Friday July 27      9:30a.m.-12:30p.m.

## Introduction to Painting and Design *Ages 5-8*

**LEVEL 2** –Children expand on what they have learned in our *Basic Elements* Level 1 class or camp by applying their knowledge to learn the fundamental principles of painting. Students are introduced to color mixing and develop brush control as they work through a series of painting exercises, culminating in a well-crafted, finished painting by the end of the week.

Monday July 16–Friday July 20      9:30a.m-12:30p.m.  
Monday August 6–Friday August 10      9:30a.m-12:30p.m.

## Drawing, Painting and Design *Ages 9-12*

In this camp children are taught the basic principles of composition and design, including an exploration of the importance of color choices that relate to the creation of space and depth on a two-dimensional surface. Sketchbook drawing and the use of reference material help inspire creativity and aid students to produce well-crafted pictures. By the conclusion of this camp everyone will complete paintings utilizing these concepts.

Monday July 9–Friday July 13      9:30a.m-12:30p.m.  
Monday July 30–Friday August 3      9:30a.m-12:30p.m.

## Advanced Drawing and Painting Fundamentals *Ages 13-18*

Students will improve their drawing abilities and increase their value and color perception while completing a project of quality and finish within this camp. Traditional methods and materials will play an important role in the understanding of drawing and painting concepts. All technical information is taught in a systematic way to ensure increased skill development in each individual student.

Monday June 18–Friday June 22      9:30a.m.-12:30p.m.

## Drawing Manga, Super Heroes and Fantasy Figures – Characters, Comics, and Graphic Novels, *Ages 13-18*

All levels of study. The camp begins with an intensive overview of character design, including figure construction, basic anatomy, and costuming. Students then create characters of their own and explore the visual story telling techniques of page layout, camera angles, lettering and inking methods. Finally, students incorporate their designs into their own comic or graphic novel pages.

Monday June 11–Friday June 15      1:30p.m.-4:30p.m.
